Dear Mark

I am just writing on behalf of Keith Bennett, Governors, Staff and Students from Marland School to formally put on record how satisfied and pleased we have been with the Site Management by Joe Williams.

Joe has proven to be a great Site Manager with all the skills and qualities that we would expect from someone in this position working for a reputable company like Pearce Barnstaple.

He has ran the site in a manner that has been exemplary, he has responded well to working in a high end SEBD setting, with the added complications this brings.

He has listened to staff advice about managing incidents with our students, and has responded accordingly. The project has been run smoothly, professionally and has produced a finished product that will make a real difference to our students.

Joe has taken pride in the work of him and his team, this is clear to all staff.

If Joe would like a reference for any future projects please feel free to contact us at School

Regards

Gareth
