

NEWLANDS HOUSE

10th October 2014

Dear Richard,

We now have a moving date of 4th November so I suppose that you can now say that we are pretty well there with our renovation project at Newland.

We just wanted to say what an absolute pleasure it has been having Pearce Construction as the builders on our lovely house.

Not only has the work been exemplary and timely, the manner that the whole project has been handled is a real credit to your organisation.

Peter Hamley did such a comprehensive site management role, beyond anything that we could have expected and with such a nice style, as did Peter Newby, with both of them giving helpful guidance and advice.

The subcontractors on the plumbing and electrical side were also a pleasure to deal with and on top of their game.

We also very much appreciate your guiding hand behind everything. Corporate culture is a precious thing and you have developed an exceptional one.

Please feel free to use us as a reference site in any way.

We hope we see you all again at some time. Please pass on our heartfelt thanks to everybody that has worked on the Newland project

Our very best wishes

Jo & Trevor Dighton
